

PETE DUNCAN
MACOUPIN COUNTY CLERK
P.O. BOX 107 CARLINVILLE, IL 62626

**COUNTY DIRECTORY OF ELECTED OFFICIALS AVAILABLE ON
COUNTY WEBSITE**

Pete Duncan, Macoupin County Clerk, recently announced that this year's Directory of Macoupin County Elected Officials has been released and, for the first time, has been posted online.

'Every year, the County Clerk's office releases a directory of elected officials and contact information,' Duncan said. 'This directory is a vital link between the public and the officials who serve them. I'm pleased to say that the first directory I've released as County Clerk has been posted online making it easier for every citizen of the county to access it.'

'I'm also excited that this year's directory includes huge updates. It has been 20 years since the format of this directory has changed while the world of communications has grown in that time by leaps and bounds. As such, this year's directory includes phone numbers and mailing addresses, but also for the first time fax numbers, websites and email address.'

County Board Chairman Andy Manar said 'I have long been a proponent of open government that is accessible to every citizen of the county. Having this year's directory posted online and listing more ways than ever to have your voice heard by your representatives is an excellent step towards that goal.'

The County Directory can be found in the County Clerk's section at www.macoupincountyil.gov. The Directory includes contact information for all federal, state, county and local officials as well as precinct committeemen. Copies are also available at the County Clerk's office in the Macoupin County Courthouse.
